2-24 Poplar High
Street

Dear

Meet the contractor – Replace all emergency lighting

As you are aware we have asked AJS Ltd to replace all emergency lighting to your block as the lifespan of the current lighting is nearing the end of its effective lifecycle.

We recently invited you to a resident's drop-in meeting to discuss the works, however, due to the recent outbreak of Covid-19 (Coronavirus) we are implementing the governments advice about social distancing. As a result, unfortunately, we have suspended all resident meetings until further notice.

We would like to continue to provide this opportunity for residents to engage with us about the works. We welcome residents to use the email address below to let us know of any questions or concerns you have regarding the upcoming works.

Please contact us on contactus@thh.org.uk
Alternatively you can call us on 02073645015

I apologise for any inconvenience this may cause, as you will appreciate it is vital we follow the guideline we are being given. If there is anything further we can help you with please get in touch with us.

Yours sincerely,

Garry Goodman
Electrical Project Officer
